

HIGH EFFICIENCY PLEATED PAPER CARTRIDGES

A range of high efficiency cartridges, excellent for removal of particulate and contamination from fuel, gas condensate, solvents & other hydrocarbons, glycol, MEG and other fluids.

- Large surface area
- High efficiency
- 0.1 to 50 micron rating
- Exceptional solids holding capacity
- Custom designs for coalescer protection

The Alan Cobham brand of filter cartridges are suitable for all hydrocarbon and other pre filter and filtration duties.

They have been developed in conjunction with major offshore oil and military users to have highly selective filtration characteristics which can maximise the life of both downstream equipment and the filter elements themselves.
